

## Mountain Ranges Activity

December 14, 2017 2:57 PM

Where are the following mountain ranges and how did they form?

Mt. Range	Location	How formed?
✓ Himalayas	Nepal N. India (Mt Everest)	Continent-continent collision
Appalachians	Eastern USA	folding
✓ Alps	Switzerland N. Italy	c-c collision
✓ Rockies	BC / Alberta	c-c collision
Cascades	W. coast of N.A.	subduction zone volcanos
Andes	W. coast of S.A.	subduction zone volcanos

Note: these "collisions" happen at a rate of  $\frac{2-10 \text{ cm}}{\text{year}}$
